## Instructions about Application

Applications to the Bachelor's Programme in Fine Arts at Malmö Art Academy take place in two steps. First on Universityadmissions.se and then in the Malmö Art Academy application portal where work samples can be uploaded.

**You need to complete both steps in order for your application to be processed.**

### 1. Application at Universityadmissions.se

Visit [www.universityadmissions.se](http://www.universityadmissions.se) and follow the instructions carefully. In order to find the programme quickly, enter programme code **LU-80605** in the search field. **Do not forget to choose Autumn 2019 as an option.**

You will receive a confirmation of your application via email. Please save your confirmation! Take note of your application number and continue with the second step. You need to fill in the application number in the electronic application form in step 2 in order to link your application at Universityadmissions.se with the work samples you upload in the Malmö Art Academy application portal.

### 2. Uploading of work samples in the Malmö Art Academy application portal

You need to register in the Malmö Art Academy application portal in order to upload work samples: <http://www.khm.lu.se/en/studies/application>

When you have registered as an applicant you will receive an email including login information and a registration number. Note that this registration number is different from the one you received at Universityadmissions.se. In the email you receive there is a link to an electronic application form in which you fill in your complete personal details and attach documentation in the form of 5–8 samples of your work. In addition, you are welcome to submit 1 work sample in the original, in person or by mail to Malmö Art Academy. Remember to label your original work sample with the registration number you received from Malmö Art Academy application portal (in step 2) of your application.

Please note that we wish to see one work sample in the original if you are working with painting, drawing or photography; this is not required for other techniques. The application must also include a text with a short presentation of your work samples and a statement of why you are applying to Malmö Art Academy. The application can also be accompanied by other relevant documents like letters of recommendation, texts related to your artistic work etc.

All supporting documentation is to be scanned and uploaded in the application form. NB! This does not refer to the formal grade transcripts, certificates, documents etc already uploaded or sent to University Admissions (see step 1).

## Instructions about Work samples

Since Malmö Art Academy offers an education in Fine Arts, there are no requirements as to what specific kinds of work samples can be submitted with the application. You are free to choose which techniques to use for demonstrating your artistic ideas.

However, the following instructions apply for work samples:

### *A. General instructions*

- An application must contain 5–8 uploaded work samples, in any technique, and a maximum of one work which is sent or submitted in the original. Works in the original are handled according to a separate procedure (please see below under C and D).
- A completed online application including work samples is to be uploaded in the Malmö Art Academy application portal after registration at <http://www.khm.lu.se/en/studies/application>. Remember that all work samples must be well documented and accompanied by a detailed description.
- If you submit paintings one of the work samples **must** be an original.
- If you submit drawings or photographs one of the work samples **should** be an original.
- All work samples need to be described in terms of a title, material, dimensions and year.

### *B. Technical instructions for digital work samples*

- Each work sample can be documented with a maximum of 5 photographs/videos/sound files.
- Accepted file formats:
  - Pictures
    - ✓ JPG/JPEG
  - Audio

    - ✓ AIFF

#### Video

- Video should be uploaded as MOV, MP4 (MPEG4) or AVI.
- Largest size 2 GB per film, max 5Mbit/s
- If you apply with video works, the selection committee wants to see the whole work and not just extracts.
- For long video works, we would appreciate if you would attach a brief synopsis

#### Digital images

- Must be submitted as JPG
- Largest recommended size is 2 MB

#### Sound

- Must be submitted as MP3, WAV or AIFF.

### *C. Instructions for work samples in the original (no more than one piece)*

- The original work sample must be labelled with the applicant's name, address, phone number and the registration number of your application. NB! If a work sample in the original includes several separate parts all these parts must be labelled.

- If you submit drawings or photographs one of the work samples **should** be an original.

- Photographs should preferably not be smaller than 18\*24 cm.
- The original work sample must be mounted, dry and not sticky.
- It is advisable that you insure the work samples you submit. Lund University has no insurance coverage for samples and does not take any responsibility for the work samples submitted.

  1. State this in your application.
  2. Pack your work sample in such a way that it is possible to re-use the packaging for the return.
  3. For return within Sweden, you are required to pay the postage fee of SEK 125. For return to other countries, you are required to pay the postage fee of SEK 400. If you have a Swedish bank account, pay to bankgiro account 5051-4728, account holder Lund University.

For payment deadlines, see page 1.
  4. NB State your name, birth date (YYMMDD), and the information "KST458505" in the message field when making your payment. This makes it possible for us to identify who has made the payment, i.e. which work samples are connected to which applicant (this applies to both domestic and international payments).
- If you wish to collect your submitted examples of artistic work in person (or through a representative), state this in your application. Work samples that have not been collected in due time will be destroyed if no other written agreement has been made.
- If you do not wish to have your work samples returned, please state in your application that you approve that they will be discarded.
- Work samples that have not been collected in due time will be discarded.
